

ROUND TABLE INDIA UPDATE JULY 2020

Dear Sandra,

Hope you are doing fine & receive this mail in the best of your health.

I would like to update you that in the last tabling year(01.07.19-30.06.20), RTI Rajasthan built 84 Classrooms located at 07 Tabling Centres I.e Jaipur, Jodhpur, Ajmer, Kota, Udaipur , Bhilwara & Bikaner. We also built Girls /BoysToilet Blocks, Playgrounds, Provided furniture , renovated Classrooms across the State in Government Schools.

Going with an average of 40 Children/ Year per classroom & life of a Classroom being minimum 25 years, we have created hope & future for whooping **84,000** Children.

I would heartily like to thank you & Saffi Foundation for your continued support.

We at Round Table India are indebted to you for continuously supporting us in this extremely Noble cause.

This year Tabler Vijay Johar has taken up the mantle of Area Chairman (Area 12) ,Rajasthan. He is a very dynamic guy with aspiration & passion to serve the society.

Along with him the prestigious Area Projects Convenership is held jointly by Tr Aditya Jaipuria (The Gentle giant , you have met him) & Tr Anutosh Sancheti (You must have met him at Jodhpur).Both of them are equally motivated to give it back to society.

I would be routing all applications from all tabling Centre's & details of projects to your goodself.

As the construction work was hampered in the past few months, Currently tables are extremely enthusiastic for undertaking School Projects.Many of them have already identified Needy schools.

We are also having this unique opportunity to construct classrooms at a quicker pace as schools are currently closed, when the schools reopen children would find their Dream in front of them.

We are getting proposals from many Table's which are strictly being scrutinized by myself & Area Project Conveners.Only when we feel the need in any project, we will forward the same to you for your approval.

God willingly & with your continued support we hope to touch the mark of 100 Classrooms this year.

We hope for your continued support in times to come.

Yours faithfully

Ankit Himmatramka
